

Empower your learners with interactive video

Drive engagement, boost knowledge retention, and measure learning outcomes with Panopto. Meet Panopto. www.panopto.com/business

Deliver Engaging Learning Videos

Panopto makes it easy to record and share learning videos for your global workforce. Using Panopto, employees can play back both formal and informal training materials on-demand, providing them with a just-in-time learning resource and helping you reduce per-learner costs by 50-70%.

Easily Create and Host Your Content

Panopto saves you time and money when capturing resources on video, from instructor-led training and internal events to meetings and social learning. With a vast array of integration capabilities, Panopto seamlessly fits into your organization's existing workflows – and does it all from any laptop with any recording equipment.

A Secure Enterprise YouTube

Panopto provides employees with a secure library of video learning content that they can access from any device. With Panopto Smart Search, employees can search your entire video library for any word spoken or shown-on screen and fast forward to that precise moment.

The world's top learning organizations choose Panopto:

Video learning made easy

There's an easier way to record instructor-led training, encourage internal knowledge sharing, onboard new hires, live stream conferences, and manage all of your video learning content.

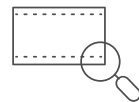

Record

Easy-to-use software for Windows, Mac, and iOS. Record anything from a simple screencast to a multi-camera event.

Integrate

Connect Panopto with your identity provider, LMS, and CMS, or extend our functionality using our open APIs.

Search

Find any word spoken or shown on-screen in any video in your library. Panopto's search is the industry's best.

Manage

Panopto has been named a Leader 7 years in a row in the Aragon Research Globe™ for Enterprise Video.

Stream

Efficiently deliver video across your network and over the Internet to viewers worldwide.

Upload

Panopto automatically converts your existing video files for playback on any device and makes them searchable.

Webcast

Live stream your presentation at the click of a button. Webcast to 10 people across town or 10,000 around the world.

Play

Engage viewers with interactive video players that support multi-camera HD playback, quizzes, search, digital notes, and more.

Edit

Our video editor makes it easy for anyone to accomplish common editing tasks, right from any web browser.

Analytics

Get insights into which videos are most popular, who watched which videos, video engagement, and more.

Mobile

Native apps for iOS & Android bring video viewing, search, discussions, and more right to viewers' mobile devices.

Service

Our world-class support is your dedicated partner for your video learning needs and has earned 99% customer satisfaction.
